

Group Name: Tutor Group

Team Members: Klei Bendo, Calvin Mueller, Chase Pisone, Hunter McDaniels-Rossiter, Hannah Yelle

User Stories Deliverable 0

- As a general user I would like to have a login so that my account is secure.
 - As a general user I need to be able to search any user by their public username so that I can view their profile.
 - As a general user I would like to PM other users so that we can connect.
 - As a general user I would like to be sent emails so that I can stay updated.
 - As a general user I need to have available various forms of contact from the app team so that I can ask for assistance.
 - As a general user I would like to have an easy to use toolbar to easily access the applications features.
 - As a general user I would like the application to be easily navigated to increase productivity.
 - As a general user I would like the design to be aesthetically pleasing because beauty is important.
-
- As a student user I would like to be able to post listings so that I can find a tutor.
 - As a student user I would like to have access to tutors profiles so I can decide who to hire.
 - As a student user I would like to be able to connect with tutees in similar subjects so that we can form study groups.
 - As a student user I would like to have a tool to compare schedules with my tutor.
 - As a student user I need to be able to search for tutors by subject so that I can find a good fit for my area of interest.
 - As a student user I need to have a customizable student profile so that I can add basic information about me and what my interests are.
 - As a student user I want to be able to message my tutor so that any of my questions can be asked to my tutor even when we are not in a session.
 - As a student user I would like to have a portal to update my tutor with recent grades so that they know where I stand academically.
-
- As a prospecting tutor I would like to apply to become a tutor so that I can start applying to jobs.
 - As a tutor user I would like to respond to listings so that I can be hired.

- As a tutor user I would like to receive an email when new jobs are listed to increase my likelihood of being hired.
 - As a tutor user I would like to be given tutor history on students so that I know their learning style.
 - As a tutor I would like to rate the student or leave feedback for other tutors to see
 - As a tutor user I would like to have a profile to showcase why I should be hired.
 - As a tutor user I would like to have a place to upload letters of recommendation to increase likelihood of being hired.
 - As a tutor user I need to be able to set my pay rate for what I offer, so that students are aware of this payment condition.
 - As a tutor user I need to be able to set up a direct deposit so that I can receive my payment.
 - As a tutor user I need to be able to message and talk to my students so we can communicate our needs.
 - As a tutor user I need to have a means of communicating with application managers so that emergencies can be handled properly.
 - As a tutor user I need to be able to video chat with my students for virtual tutoring sessions.
 - As a tutor user I need to be able to send reminder emails to tutee's about upcoming tutor appointments.
 - As a tutor user I would like to have access to resources for tutoring practices to best tutor students.
 - As a tutor user I would like a portal to send extra practice/homework to students so that they can succeed in courses.
 - As a tutor user I would like to be able to see what other tutors are doing in their private sessions and the impact of what they are doing.
-
- As a manager of the application I would like to have weekly reports on users so that I know the level that this application is being used at.
 - As a manager of the application I would like to have data on the amount of missed sessions and completed sessions to track issues with session planning.
 - As a manager of the application I would like to have a feedback response on many of the features offered to help with ease of user management.
 - As a manager of the application I would like to have a feature to easily see all of the tutors currently associated with a student and those who are not commissioned yet.
 - As a manager of the application I would like to be able to compare time spent on subjects to see which areas need more tutors in.
 - As a manager of the application I would like to be able to kick/ban users for misusing the app (ex. Cheating on class materials)
